

Expanded Academic programming with Tutors for ALL

This spring, MetroLacrosse partnered with Tutors for All to expand its academic programs. Tutors for All is a Boston based non-profit that brings together colleges and community resources to provide undeserved students with individualized academic support.

Participants in the program are personally matched with current college students serving as tutors for our participant's as they complete school work and prepare them to take Independent School Entrance Exam (ISEE). The ISEE determines eligibility to enroll into the top performing private independent middle and high schools in the state and is also required to attend Boston Latin School, Boston Latin Academy, or John D. O'Bryant.

MetroLacrosse select team goes undefeated in the MBYLL

This year MetroLacrosse entered its select teams at the U15 (7th & 8th grade) and U11 (3rd & 4th grade) level into the Mass Bay Youth Lacrosse League (MBYLL).

The MBYLL represents 160+ towns split in to five geographic regions-for local game scheduling-in eastern & central Massachusetts. The league has over 20,000 players in 1st to 8th grade, led by 2,000 active MBYLL & USL certified coaches. Our players gained exposure at an elite level and enjoyed competing against neighboring Massachusetts teams heavily entrenched in lacrosse. Our U15 team finished the season undefeated in the league!

MetroLacrosse High School Bulldogs

Congrats to Leslie and Larissa Orllena on their acceptance and commitment to play lacrosse at Mount Ida College. Leslie and Larissa just wrapped up their senior year as a MetroLacrosse Bulldog and have been participants in our program for 8 years.

In addition, the other Bulldog seniors will be attending Temple University and the University of Massachusetts Boston. Congratulations to all of our graduates!

Boston Cannons Clinic

Special thank you to the Boston Cannons and RCN Boston for hosting a clinic for our boys' program! They facilitated drills focused on technique, agility, defense, and gave pointers on how to react in game situations. The clinic featured Boston Cannons players Josh Hawkins, James Fahey, and David Emala.

UPenn host Urban Youth Lacrosse Jamboree

The Young Quakers Community Athletics (YQCA) at the University of Pennsylvania lacrosse program hosted the fourth annual Urban Youth Lacrosse Jamboree on June 3rd and 4th. The event featured the YQCA's West Philadelphia teams, New York City's Harlem Lacrosse and Leadership, as well as MetroLacrosse.

Participating in the Urban Lacrosse Jamboree for the third year in a row was an incredible opportunity for our boys to strengthen their relationship as a team and learn from other programs.

We hand-picked 31 of our players based on their effort and commitment throughout our spring season here in Boston. Half of the players had made the trip last year and it was exciting and encouraging for everyone involved to see their growth.

The two-day event featured a clinic led by players from both University of Pennsylvania lacrosse programs. The jamboree included boys' and girls' scrimmages in Penn Park and Franklin Field; and team-bonding activities such as scavenger hunts around Penn's campus, dance contests, and flag football under the lights at Franklin Field.
